Brussels, Belgium | alex.morgan@email.com | +32 470 123 456 | linkedin.com/in/alexmorgan-sec

PROFILE

Cybersecurity Analyst with 4 years of experience in threat detection, incident response, and vulnerability management. Skilled in SIEM platforms, penetration testing, and network security monitoring. Holds CompTIA Security+ and CEH certifications. Passionate about proactive threat hunting and security automation.

EXPERIENCE

Cybersecurity Analyst — SecureNet Belgium

March 2022 – Present

- Monitored and triaged security events using Splunk SIEM, reducing mean time to detect (MTTD) by 35%.
- Led incident response for 12 critical security incidents including ransomware and phishing campaigns.
- Conducted internal vulnerability assessments using Nessus and OpenVAS across 200+ endpoints.
- Developed automated threat hunting scripts in Python, improving detection of lateral movement by 40%.
- Collaborated with IT teams to harden Windows and Linux server configurations per CIS benchmarks.

Junior Security Analyst — DataShield S.A.

September 2020 – February 2022

- Monitored network traffic with Wireshark and Zeek, identifying anomalous behaviour and IOCs.
- Assisted in penetration testing engagements using Metasploit and Burp Suite on client web applications.
- Maintained and updated firewall rules (pfSense, Cisco ASA) and IDS/IPS signatures (Snort).
- Produced monthly vulnerability reports and remediation recommendations for management.

SKILLS

- SIEM: Splunk, IBM QRadar, Microsoft Sentinel
- Penetration Testing: Metasploit, Burp Suite, Nmap, Nikto, Kali Linux
- Network Security: Wireshark, Zeek, Snort, pfSense, Cisco ASA
- Vulnerability Management: Nessus, OpenVAS, Qualys
- Programming: Python (scripting, automation), Bash, PowerShell
- Frameworks: MITRE ATT&CK, NIST CSF, ISO 27001, OWASP Top 10
- Cloud Security: AWS IAM, Azure Security Center, basic GCP
- OS: Windows Server, Ubuntu, CentOS, Active Directory

CERTIFICATIONS

- CompTIA Security+ (2021)
- Certified Ethical Hacker (CEH) — EC-Council (2022)
- Splunk Core Certified User (2023)
- AWS Cloud Practitioner (2023)

EDUCATION

Bachelor of Computer Science — Université Libre de Bruxelles

2017 – 2020 | Major: Networks & Security

PROJECTS

- Honeypot Network (2023): Deployed a multi-service honeypot using T-Pot to capture and analyse real-world attack patterns. Logged 15,000+ intrusion attempts in 30 days.
- Phishing Detection Tool (2022): Built a Python ML classifier using scikit-learn to detect phishing URLs with 94% accuracy, deployed as an internal browser extension.
